REQUEST FOR CORRECTION OF FILING RECEIPT

Office of Initial Patent Examination's
Filing Receipt Corrections

VIA FACSIMILE (703) 746-9195

Sir:

Applicant's attorney received the Filing Receipt dated March 25, 2004 for the above-referenced patent application and requests that the following corrections be made.

Under "Correspondence Address" please change "22863, Motorola, Inc., Corporate Law Department - #56-238, 3102 North 56th Street, Phoenix, AZ 85018" to --02574, Jenner & Block LLP, One IBM Plaza, Chicago, IL 60611--. Also, under "Attorney Docket No." please change "10001-32102" to --10001-37708--.

This error was made in typing the Utility Patent Application Transmittal. In box 19, our Deposit Account No. 10-0460 was inadvertently listed instead of our Customer No. 02574. The Filing Receipt was then sent to the previous attorney of record of the parent U.S. Patent Application Serial No. 09/639,496. However, a Notice Regarding Power of Attorney dated March 4, 2002 accepting the change in power of attorney from Motorola, Inc. to Jenner & Block LLP was issued for that application.

For the convenience of the Commissioner for Patents, Applicant's attorney encloses a copy of the Utility Patent Application Transmittal Letter and a copy of the Filing Receipt with the changes noted thereon, as well as a copy of the accepted Notice Regarding Power of Attorney from the parent case.

It is respectfully requested that the Patent and Trademark Office issue an Updated Filing Receipt correcting the errors noted above.

Please direct any inquiries concerning this matter to the undersigned attorney.

Respectfully submitted,

Mark P. Vrla

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
